

High LOAD®

PRINCIPAL FUNCTIONING AGENTS:

| | |
|--|-------------|
| Paraffin base oil, sorbitol fatty acid alkoxyates, alkyl ethoxyates..... | 98% |
| CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT | 2% |
| TOTAL | 100% |
| Surfactant Content..... | 37.9% |

All ingredients are exempt from tolerance under 40 CFR 180
 Unsulphonated Residue (UR) value.....min. 92%

High Load meets industry criteria for a "high load crop oil concentrate"

KEEP OUT OF REACH OF CHILDREN WARNING

PRECAUTIONARY STATEMENTS

WARNING: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes and clothing. Avoid inhalation of spray mist. Wash thoroughly with soap and water after handling.

| FIRST AID | |
|--|--|
| If swallowed: | -Call a poison control center or doctor immediately for treatment advice. -Do not induce vomiting unless told to by a poison control center or doctor. -Do not give anything by mouth to an unconscious person. -Avoid alcohol. -Do not give any liquid to the person. |
| If on skin: | -Take off contaminated clothing. -Rinse skin immediately with plenty of water for 15-20 minutes. -Call a poison control center or doctor for treatment advice. |
| If inhaled: | -Move person to fresh air. -If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. -Call a poison control center or doctor for further treatment advice. |
| If in eyes: | -Hold eye open and rinse slowly and gently with water for 15-20 minutes. -Remove contact lenses, if present, after the first 5 minutes, then continue rinsing -Call a poison control center or doctor for treatment advice. |
| <p>Note to the Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.</p> | |

GENERAL INFORMATION

High Load is a nonionic emulsifiable crop oil concentrate blend designed for use with agricultural herbicides, insecticides, fungicides, PGRs, and defoliant. It combines the deposition, penetration and evaporation reduction properties of a crop oil concentrate with improved coverage and spreading. The efficacy of High Load and the effects of the spray application may be affected by various environmental factors and the condition, operation and calibration of the sprayer. When used according to the Directions for Use, High Load is compatible with most pesticides and fertilizers.

High Load is a concentrated formulation of a crop oil concentrate. The higher concentration enables High Load to be used at a significantly lower rate than a conventional crop oil concentrate, while providing comparable performance.

NOT FOR AQUATIC USE

DIRECTIONS FOR USE

GROUND APPLICATION:

Herbicides, insecticides, fungicides, PGRs: Use 2-8 pints per 100 gallons of water. The minimum use rate is 8 fl. oz. per acre. For general purpose wetting and penetration use 4 pints per 100 gallons of water (0.5% v/v). Use higher rates in difficult wetting situations such as mature, hardened-off weeds or dense foliage.

Cotton defoliant: Use 4-6 pints per 100 gallons of water.

AIR APPLICATION:

Do not substitute High Load for water required on the pesticide label.

Insecticides: Use 4-8 fl. oz. per acre

Herbicides, cotton defoliant: Use 8 fl. oz. per acre

Fungicides - plant health programs : Use 8 fl. oz. per acre, or as specified by the pesticide label.

MIXING:

Fill tank one-half full with water. Add AMS, if required, pesticides and then fertilizer. Be sure to allow sufficient time for the AMS and dry flowable formulations to solubilize. Add High Load last and continue agitation while filling the tank with the remaining water. Continue agitation until completion of spraying.

IMPORTANT:

Read and follow the pesticide label directions. Do not use where the pesticide label specifically prohibits the use of an adjuvant. The addition of an adjuvant may increase the risk of phytotoxicity to certain susceptible crops, especially during periods of high humidity or other conditions, which may increase the activity of spray solutions. If the pesticide label neither recommends nor prohibits an adjuvant, the applicator must have previous experience with the adjuvant/pesticide spray mixture or should apply a small test area before making large scale applications. Care should be exercised when using on new varieties or crops not previously treated with High Load.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment.

1. **STORAGE:** Store in original container only and keep sealed. Do not allow water or other chemicals to be introduced into contents of this container. Store in closed storage areas. Use caution when moving, opening, closing or pouring.
2. **ADJUVANT DISPOSAL:** Improper disposal of excess spray mixtures or rinsate is a violation of Federal Law. Wastes resulting from use of this product may be disposed of through on site spray application or at an approved waste disposal facility.
3. **CONTAINER DISPOSAL:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading, then offer for recycling or reconditioning, or puncture and dispose of the container in a sanitary landfill, or by other procedures approved by state and local authorities.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

ALL STATEMENTS MADE HEREIN ARE SUBJECT TO APPLICABLE LAW, AND TO THE EXTENT THERE IS ANY INCONSISTENCY OR CONTENTION, APPLICABLE LAW SHALL GOVERN.

The Directions for Use of the product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE BEYOND WHAT IS STATED ON THE LABEL. Buyer and User accept all risks arising from any use of this product, including without limitation, uses contrary to label instructions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

Neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT,

SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted, unless otherwise required by the law of the state of purchase, in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
